PART 107 TEST-DAY CHECKLIST

Use this as a planning aid. Verify current requirements with the FAA and your testing provider.

- ☐ **Before you leave**
Confirm the appointment date, time, testing-center address, and current testing-provider instructions.
- ☐ **Identification**
Verify the current FAA testing-matrix identification requirements and bring acceptable, unexpired identification.
- ☐ **FAA Tracking Number**
Confirm that your FAA Tracking Number and account details match the information used for the appointment.
- ☐ **Arrival plan**
Plan to arrive early enough for check-in without rushing. Account for parking, building access, and local traffic.
- ☐ **Personal items**
Review the testing center rules for calculators, reference materials, phones, watches, and storage of personal belongings.
- ☐ **Final review**
Review airspace, chart interpretation, weather, regulations, loading and performance, and operational decision-making.
- ☐ **After the test**
Keep the official test report and follow the current FAA application instructions after a passing result.
